I'M A CALGARIAN

I DON'T LET GOOD OPPORTUNITIES GO TO WASTE.

Coyotes are highly adaptable and can thrive in urban environments. Could you say the same, and adapt to live with wildlife?

COYOTE

I KEEP A CLOSE EYE ON MY BABIES.
You may notice me watching or keeping pace at a distance, particularly in spring. That's just me creating space around my den and my babies.

I KNOW WHERE TO FIND A GOOD MEAL!
Secure attractants like garbage, pet food, and compost so I'm not tempted, and don't feed me or other wildlife.

I CAN BE A DANGER TO PETS.
Keep your dogs leashed and cats indoors.
